

A modern bathroom with a white freestanding bathtub in the foreground and a large window overlooking a city skyline. The window is the central focus, showing a dense urban landscape with various skyscrapers and buildings under a bright sky. The room has light-colored walls and a polished floor that reflects the light from the window. The overall atmosphere is clean, bright, and sophisticated.

oceania<sup>®</sup>  
water • attitude

## water • attitude

Because water flows, trickles, rushes and swirls.  
Because water is restorative, soothing and cleansing.

Because water captivates, enthralls and fascinates.  
Because water is the source from which life springs.

We, Oceania, strive to reflect the wealth of  
its blessings.

Water—our inspiration.

## PERFECTION

Elusive in its astonishing mutability, water embodies the perfection of matter itself.

That is what Oceania wants to preserve, so that water can generate each and every one of its benefits.

## PERFECTION IN DESIGN

a profusion of clean lines • contemporary • traditional • classic • transitional looks that create an environment • art • sensibility • **Oceania design**

## PERFECTION IN TECHNOLOGY

when science and intelligence • creativity and skill combine to create ingenious devices ideal systems • absolute reliability • **Oceania technology**

## PERFECTION IN FUNCTIONALITY

the mechanics at work are indiscernible • only their effect exists • an imperceptible cocoon the delight of floating • the sweet pleasure of water in its many forms • **Oceania functionality**

## CREATIVE INTELLIGENCE

Essential to life, water is the focus of Oceania, which is dedicated to optimizing its presence in the home spa environment.

Its premium products stand out for their ingenious and visionary features. Oceania innovations set trends.

A natural fit with the home environments of trendsetters and the traditionally minded alike, Oceania promotes the design, lifestyle and sustainability values of today.

---

## OCEANIA—INTEGRATION IN THE SERVICE OF PERFECTION

All Oceania products are designed and manufactured in Quebec, Canada, with the greatest respect for the regional economy and environment. Perfection in every respect is Oceania's constant concern.

## A SOLID WARRANTY

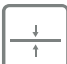

All Oceania products, with the exception of glass shower doors and bathtubs from The Influence Series, are designed, manufactured and assembled in the Canadian province of Quebec. That choice results in a very tangible benefit for both you and us: our people work diligently from design to delivery, with nothing escaping their intense focus on quality control.

The structure and system of the products in our regular lines are covered by a 20-year limited warranty. The shower doors from the EKO series and the Comfort Air systems are covered by a 5-year limited warranty. The shower doors are covered by a 10-year limited warranty. The bathtub of the Influence series are covered by a 10-year limited warranty.

You can find complete and exact descriptions of the terms of these warranties in the "Documents" section of our website: [www.oceania-attitude.com](http://www.oceania-attitude.com).

design

OPTIMALE SERIES

# ML

## Linear mounting (ML)

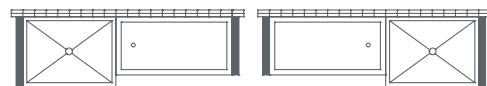

Placed "in-line" with each other, the assembled bath-shower give an urban and contemporary look to small bathrooms.

This clever and functional integrated bath-shower layout, utilizing only the highest quality and most modern materials, provides unmatched comfort.

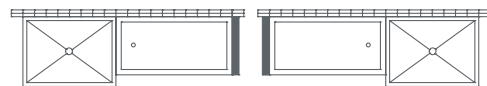

Depending on the available space, the shower door is available either sliding or hinged.

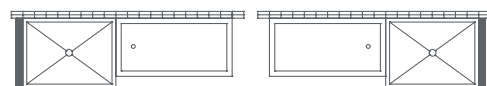

ML1 – 2 dividing walls, 1 on bath and 1 on shower

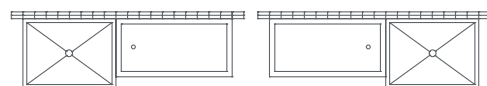

ML3 – 1 dividing wall on bathtub

ML2 – 1 dividing wall on shower

ML4 – No dividing wall

## TYPES OF INSTALLATION

The Optimal Series offers over 70 possible configurations to adapt to available bathtub-shower space.

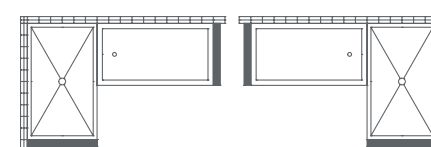

OPTIMALE SERIES

# MA

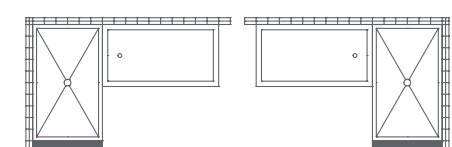

## Angular mounting (MA)

The two elements of this bath-shower combination is characterized by the angle of the shower in relation to the bathtub. The angular design gives trendy style and beauty that is perfect for maximizing available space. The shower is available only with sliding door.

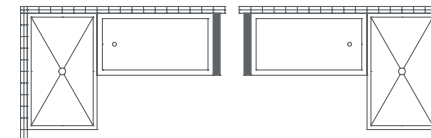

MA1 – 2 dividing walls, 1 on bath and 1 on shower

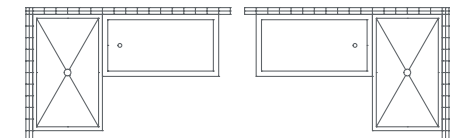

MA3 – 1 dividing wall on shower

MA2 – 1 dividing wall on bath

MA4 – No dividing walls

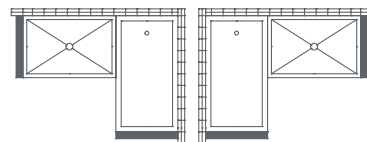

# MC

## Side mounting (MC)

In this advanced design configuration, the bathtub and the shower are arranged one beside the other. This arrangement is ideal for smaller designed bathrooms. Shower is available with either sliding or hinged doors in the desired size.

MC1 – 2 dividing walls, 1 on bath and 1 on shower

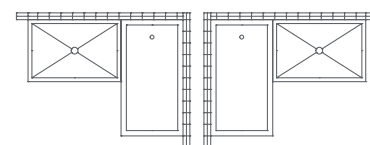

MC2 – 1 dividing wall on bath

MC3 – 1 dividing wall on shower

MC4 – No dividing walls

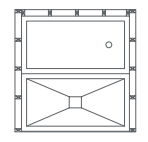

# MP

## Parallel mounting (MP)

In this advanced design configuration, the bathtub and the shower are arranged in front of the other in this wet room concept. This arrangement is ideal for smaller designed bathrooms. Shower is available with sliding door only.

MP – 3 dividing walls

A woman with dark hair in a bun is shown in profile, splashing water. The background is a city skyline. A white circle contains text.

# PERFORMANCE THAT EXCEEDS THE NORM ...

## OCEANIA BATHS

The focus on perfection in design, manufacturing excellence, and the lasting beauty of their surfaces results in Oceania setting the benchmark in terms of superior quality baths.

### EXCEPTIONAL DESIGN

Over the course of many years, Oceania has perfected the design, shapes and looks of its bathtubs to create an extraordinarily broad range of models to meet today's demands.

### UNPARALLELED COMFORT

Comfort is one of our top design parameters and involves both the ergonomics of the tub and the functionality of systems and controls.

### EVERY STYLE

There are close to 100 models to suit every type of interior space and decor: classic, traditional, transitional, modern, New Age, minimalist, trendsetting.

### EVERY TYPE

Extremely versatile designs allow for a wide choice of configurations—freestanding, skirted, deck mounts, corner or alcove—and singular ease of installation.

### EVERY CONFIGURATION

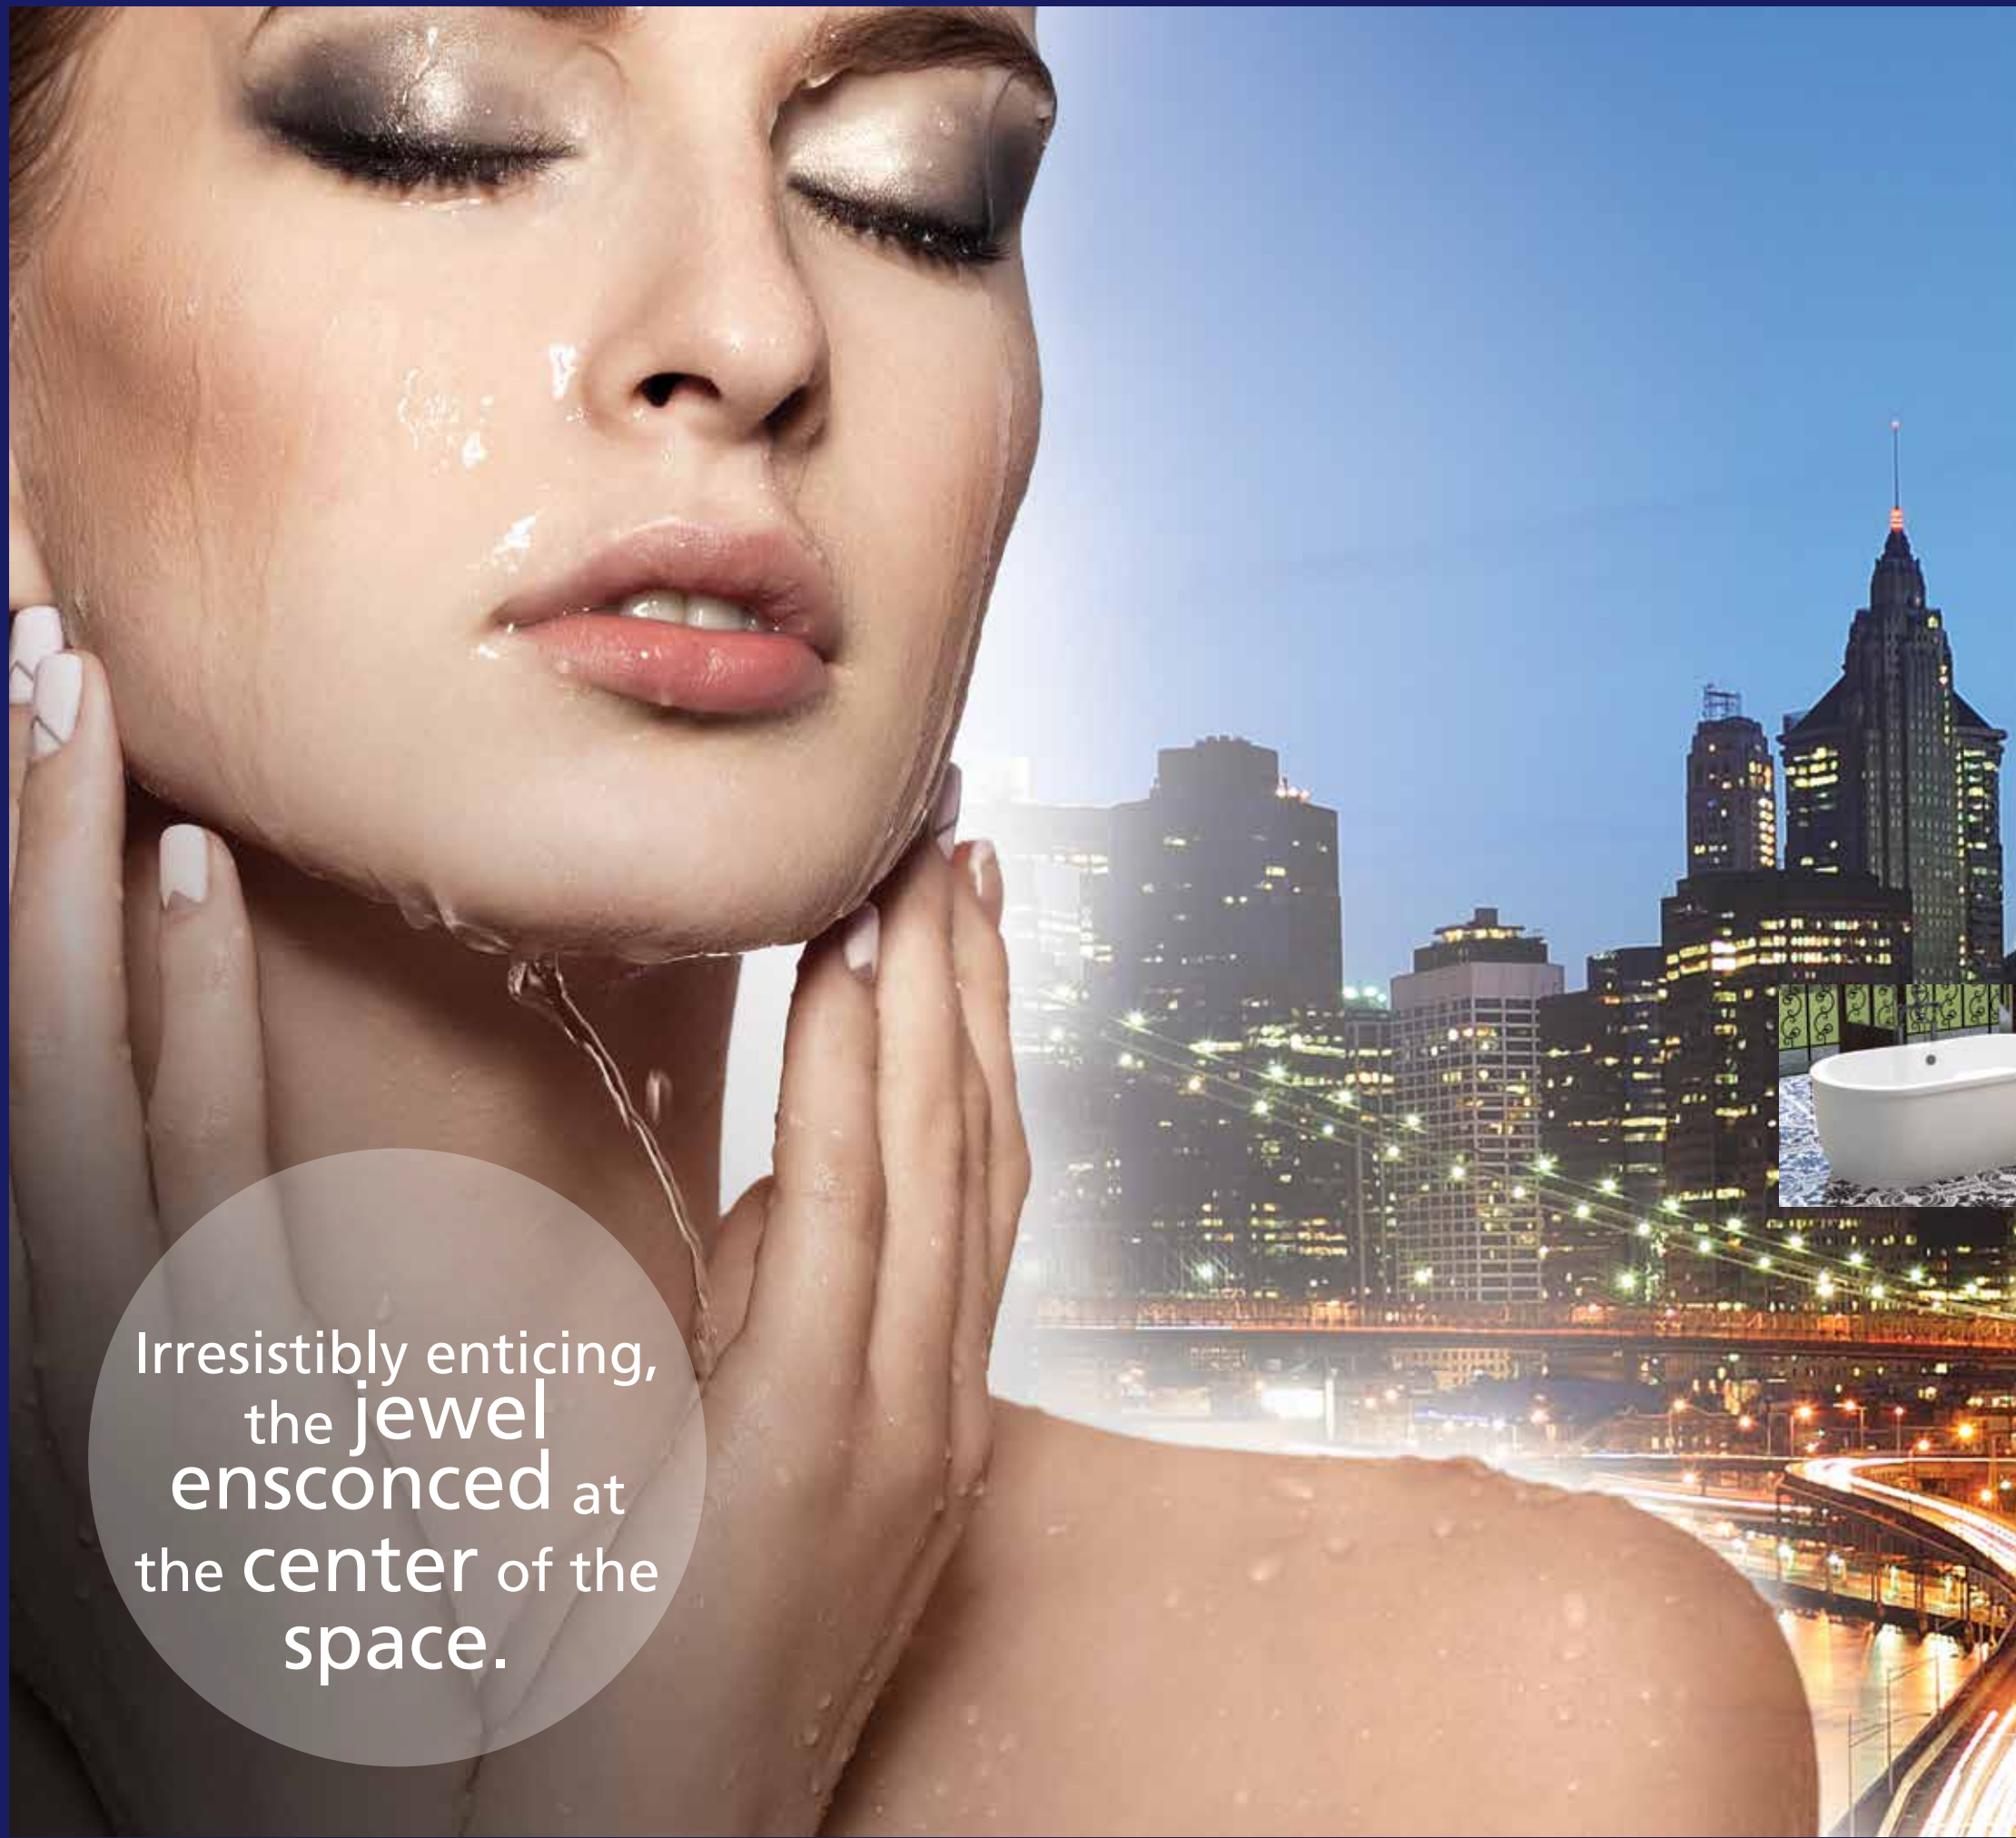

For incorporation into a spa environment, emphasis has been placed on flexibility, whether in terms of mounting arrangements, positioning drains, faucet installation options or bath type (soaking or air bath).

### MANY OPTIONS

Intelligent design means baths can be fitted with additional features, including Oceania air-jet systems, prized for their unsurpassed level of hygiene.

### HIGH QUALITY

With Lucite XL® acrylic and composite reinforcements, along with superior mechanical and electrical components, the overall high quality of Oceania products makes it a market leader.

Irresistibly enticing,  
the jewel  
ensconced at  
the center of the  
space.

# FREESTANDING BATHS

Whether single-piece or skirted, with deck- or floor-mounted faucets, Oceania freestanding baths are available in models to fit your every need: floor mounted, pedestal or claw foot.

All our freestanding baths are available as soaking or air baths with optional chromotherapy lights.

- A distinctively contemporary look
- Faucets can be deck-mounted

## THE ENVIRONMENT A RESPONSIBLE ATTITUDE THAT'S EXEMPLARY

Here at Oceania, environmental responsibility is much more than a simple corporate value. For us, it's an urgent necessity.

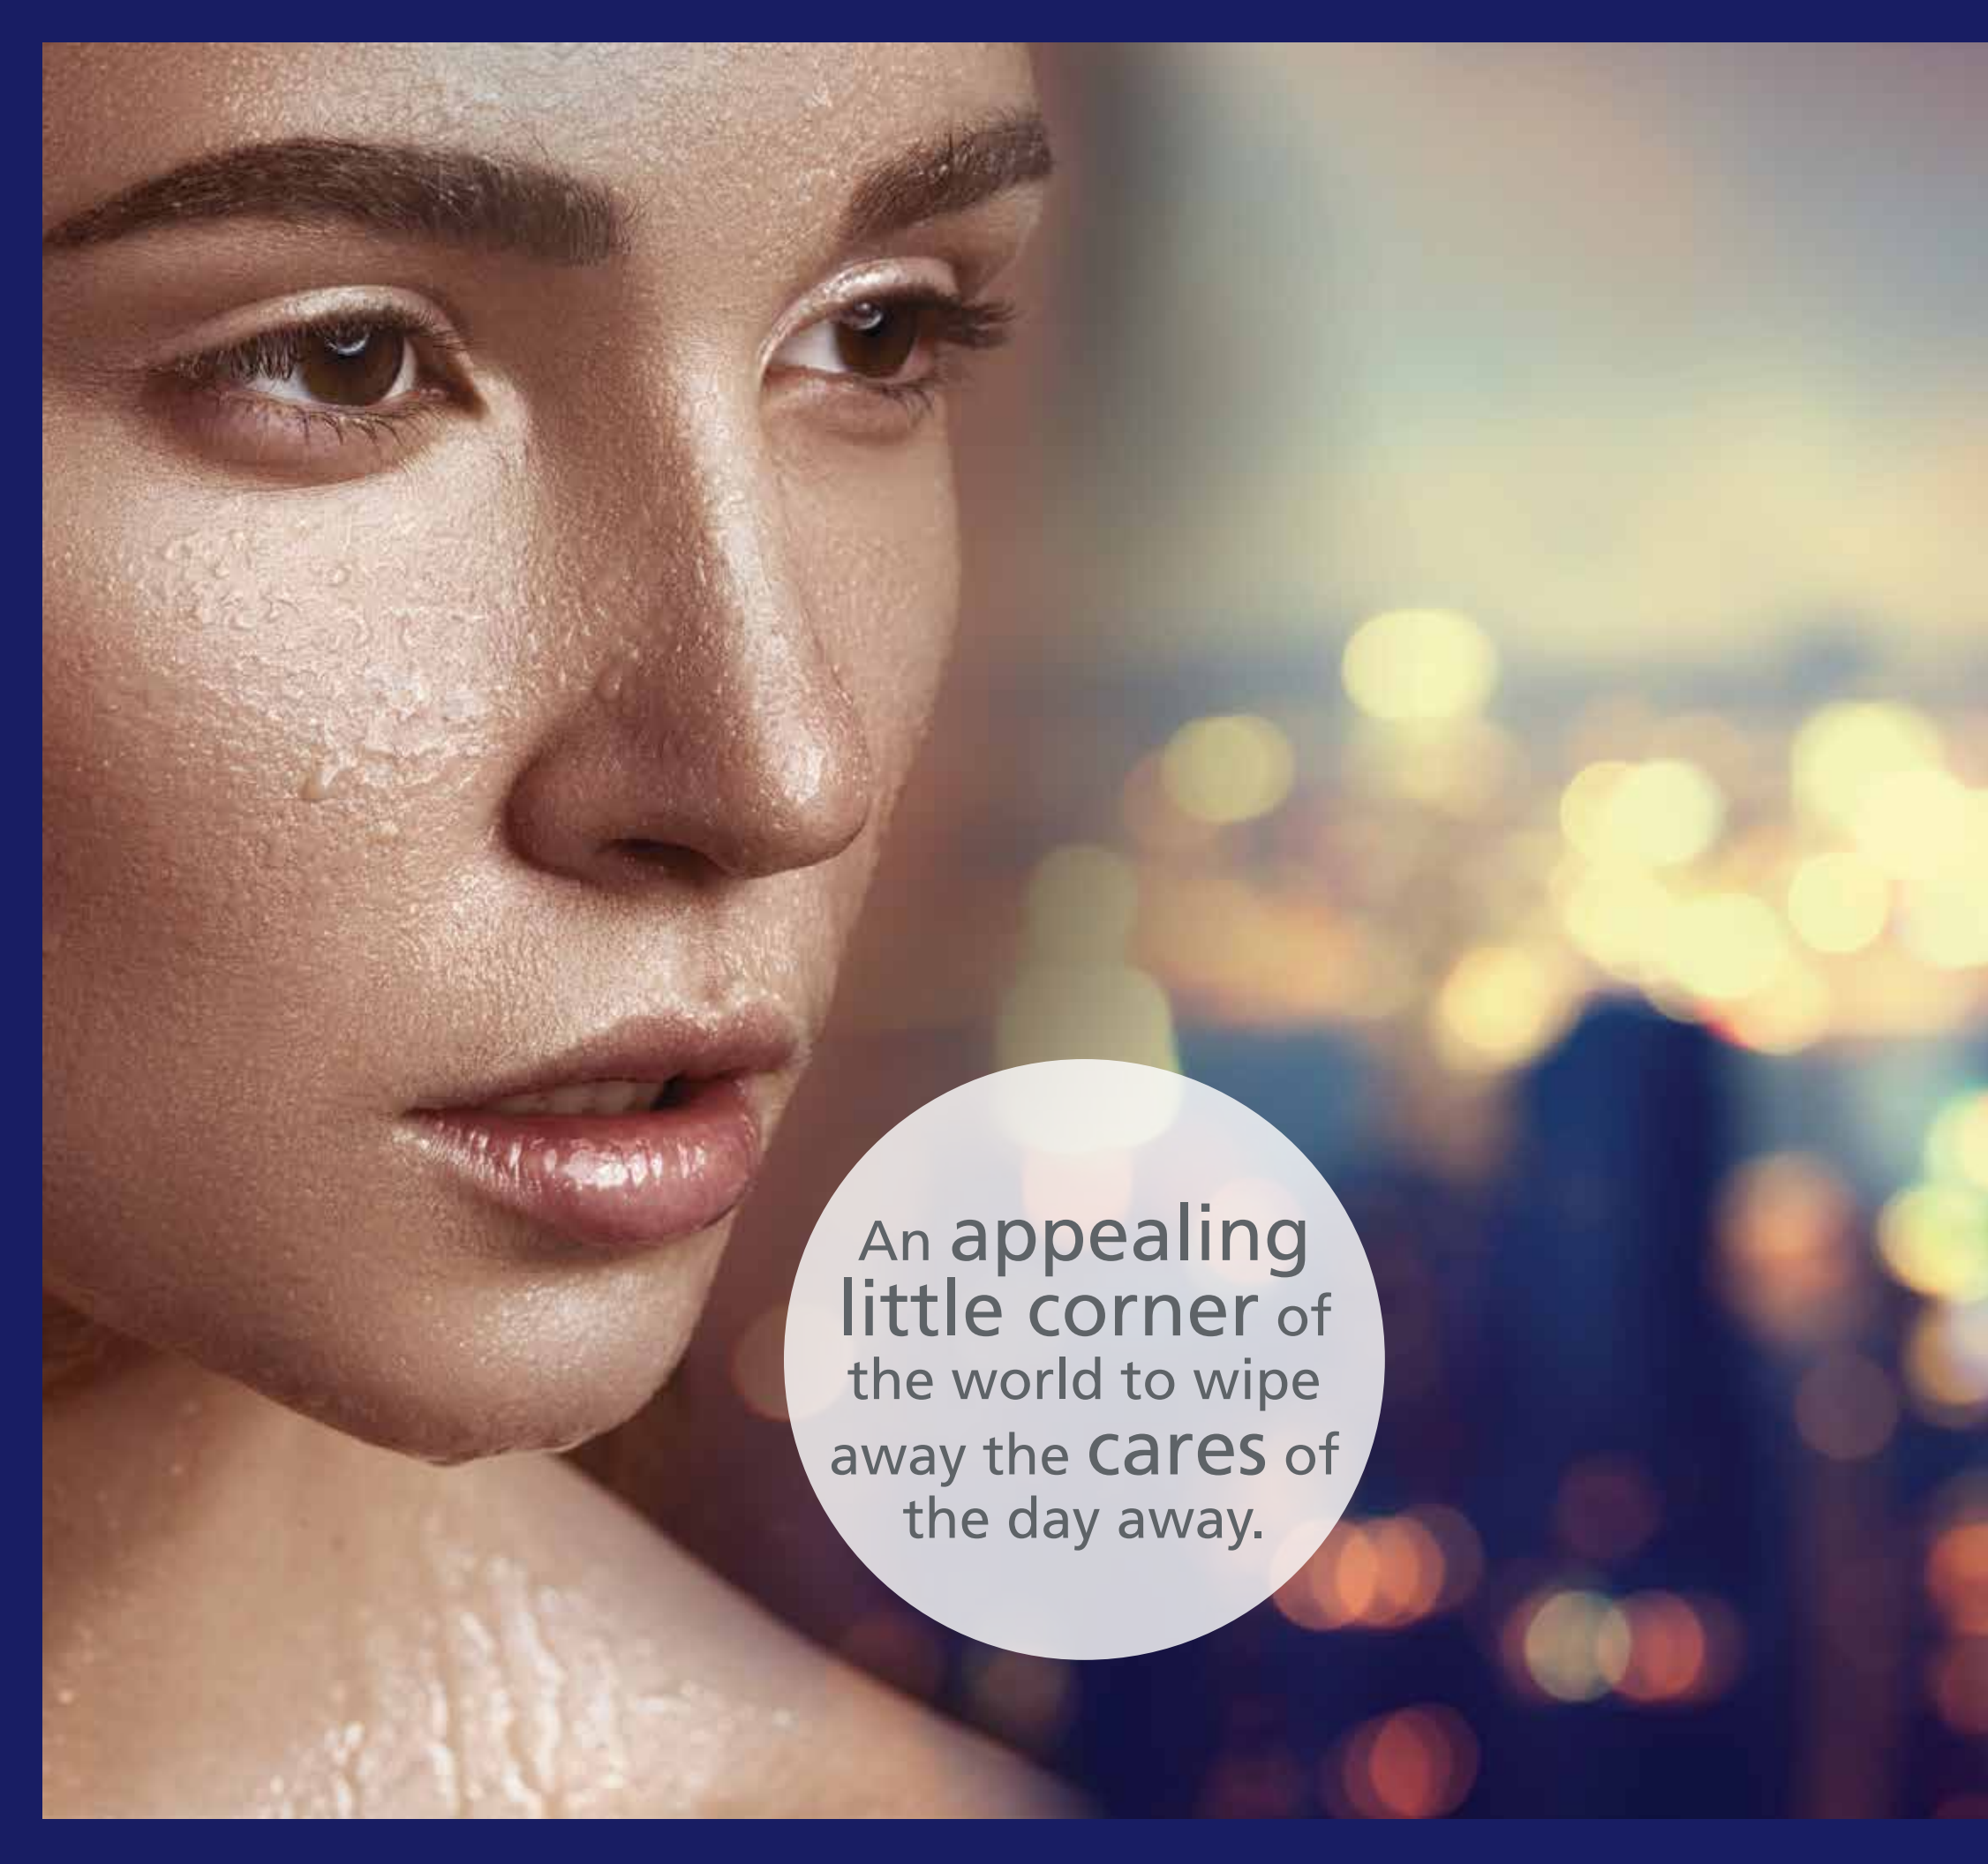

We have set up very strict policies designed to minimize the environmental impact of our operations and boost the sustainability of resources. Our priority: to ensure we always make the smartest, most responsible choices in respect to the environment.

We are especially proud of our accomplishments and of manufacturing our products in Canada. We will not cease to intensify our efforts.

- implementation in our plant of the least energy-consuming methods and processes possible
- impact reduction in regard to the use of potentially polluting processes and materials
- employment of hybrid resins in manufacturing
- utilization of a single high-performance blower in air-jet systems
- heat recovery feature in all our air bath systems
- use of local materials whenever possible to reduce shipping-related greenhouse gas emissions
- reduction of waste in terms of the packaging and installation of all our products
- ongoing research on sustainable "green" materials that are less harmful to the environment

We are now proudly certified Ecoresponsible.

An appealing  
**little corner** of  
the world to wipe  
away the **cares** of  
the day away.

## CORNER DECK-MOUNT BATHS

Health is the  
effervescence  
of the being

# THERAPEUTIC BATHS

# NANO SENS

**GLOBAL SKIN CARE**  
OXYGEN | PURITY | ANTI AGING

MILLIONS OF OXYGEN-RICH MICRO BUBBLES THAT WILL MAKE YOU FEEL BETTER AND LOOK YOUNGER BY MOISTURIZING AND EXFOLIATING YOUR SKIN.

## OXYGEN

The highly oxygenated water produced by our Oceania Nano Sens system will increase the skin cell regeneration process and stimulate the natural collagen production, leaving you with a radiant and glowing skin.

## PURITY

This revolutionary system will deeply clean the skin by exfoliating and removing the impurities within the skin pores.

## ANTI AGING

Our Oceania Nano Sens system cleanses, hydrates, revitalizes and tightens the skin. It will help fade the look of fine lines and wrinkles, revealing an improved, moisturized skin for a truly rejuvenated skin.

## NANO SENS

Micro bubbles are 10 microns in diameter, which is five times smaller than skin pores that are 50 microns. Since they are smaller, the bubbles enter all the skin pores to fully remove impurities, clean and exfoliate the skin.

Human body needs water and oxygen. Once deeply cleaned, the skin will absorb a maximum of these elements, enhancing the skin cells health and growth, and encouraging the release of toxins.

Oceania Nano Sens system combines water with pressurized ambient air. A pressure pump propels the mixture into a patented fitting that breaks down each air bubble into micro bubbles, creating a dense white cloud within the bath water.

# OCEANIA THERAPEUTIC AIR BATHS

Every component of Oceania therapeutic baths has been reinvented.

Each aspect has been redesigned. Each system has been optimized. Each standard has been surpassed.

To skillfully fashion a harmonious union of intensity, warmth and relaxation.

To create an environment in which you are gently swathed with a remarkably effective massage.

So that water can work its magic in the best possible conditions.

A comforting cocoon signed: Oceania.

## RESTORATIVE

In addition to benefiting the health of the body, Oceania therapeutic air baths fulfill a central need. Their soothing, relaxing powers create a peaceful, natural space, a serene cocoon to which we can retire to rebalance, refocus and re-energize—to find ourselves once again.

## QUITE SIMPLY, THE VERY BEST

A leader in the development of air baths, for over 20 years Oceania has worked on perfecting technologies and systems that make Oceania therapeutic air systems the most advanced, effective and hygienic on the market.

## TECHNOLOGY—WHERE INTELLIGENT DESIGN MAKES ALL THE DIFFERENCE

- Systems with optimized configurations that can include up to 72 hot-air jets for unparalleled, all-encompassing and uniform massage action.
- Exclusive process pre-heats air before it's injected into the bathwater, providing 20% warmer temperatures than baths from other manufacturers.
- Sloped air channels of a design unique to Oceania ensure 100% drainage of any residual water prior to the drying cycle.
- Automatic drying of air channels. The exclusive drying system developed by Oceania has two moisture sensors (with the exception of the Comfort Air™ system, available only in North America) placed directly in the air channels, guaranteeing a level of hygiene absolutely unmatched in the industry.
- Installation of adjustable leveling feet that also absorb 85% of vibrations; the blower can also be installed up to 3.5 meters or 12 feet away from the bath.
- Every single Oceania therapeutic bath undergoes up to 8 hours of water testing, the most stringent in the industry. Structures and systems are covered by a 20-year limited warranty on all standard models.

- A. Waste and overflow (optional)
- B. Easy-Clean flush perimeter and bottom air jets
- C. Inclined back
- D. Electronic controls
- E. Vessel
- F. Anti-vibration adjustable feet
- G. Super-Silent 1 ½ BHP blower
- H. Automatic purge/dry system

definition: **effect**  
The result of a cause.

The Oceania effect is unique, because it is cause and effect at one and the same time.

The Oceania effect results from the perfect conjunction of creative science, technological brilliance and ergonomic design to create immersive environments for complete well-being.

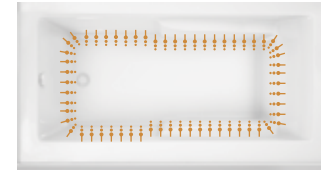

The Oceania effect is indeed real. It depends on a very complex set of critical technical parameters relating to design, configuration, pressure and temperature—all of which make Oceania therapeutic baths the most advanced on the market.

- The effect on the spa environment .. **enhancing**
- The effect on one's own personal universe..... **encompassing**

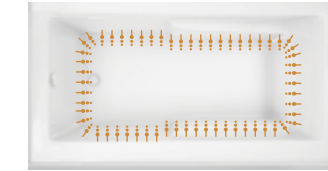

## THERAPEUTIC AIR SYSTEMS EXCLUSIVE CONFIGURATIONS

Comfort Air™

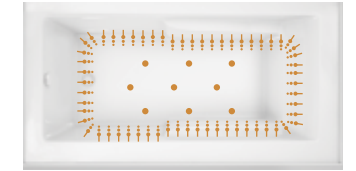

Entry-level therapeutic system with up to 60 Easy Clean™ flush hot-air jets and electronic controls. Does not include moisture sensors and uses a standard blower.

(Only available in North America)

AeroMassage™

Therapeutic system with 30 to 60 Easy Clean™ flush hot-air jets strategically placed along the lower perimeter of the tub. Includes moisture sensors along with Oceania's exclusive extended-life blower.

Super AeroMassage™

Includes the AeroMassage system, but with an extra 12 Easy Clean™ flush hot-air jets positioned in the bottom of the tub.

## ADDITIONAL OPTIONS FOR AN ENHANCED EXPERIENCE

Chromatherapy

Chromatherapy is based on the principle that colors, which possess various soothing and revitalizing properties, have a beneficial effect on people. Oceania's 20-LED system enables you to utilize various colors to add a new dimension to your therapeutic bath experience.

Aromatherapy

Oceania's therapeutic baths have been designed to let you use essential oils, bath salts and bath teas (**with the exception of wintergreen**) to enhance the benefits of your experience without risking damage to components and materials.

## THERAPEUTIC AIR BATHS

All Oceania baths can be equipped with an air bath therapeutic system and, with the exception of claw foot models, optioned with chromatherapy. Each therapeutic bath is custom-manufactured and subjected to stringent quality control testing.

### THE EFFECT

- Skin cleansing
- Muscle relaxation
- Stimulation of circulation and the metabolism
- Energizing of the nervous system
- Relaxation of stress and tension

At times  
a **cascade**,  
at times a  
gentle **mist**;  
behind the glass,  
**water flows.**

**SHOWERS**

## FOR OCEANIA . . . REDEFINING THE SHOWER IS REINVENTING THE HOME SPA ENVIRONMENT.

A shower is the reflection of a lifestyle  
It's fashion • A focal point

A shower is • Contemporary • Convenient  
Efficient • Functional • Complete • Stylish

A shower is an instrument of hygiene  
A tool for health • A therapeutic system  
A natural solution

A shower is an architectural component  
An exercise in style • A design element

A shower is part of our environment  
A personal space • A world apart

A shower is a hydrological system  
A technological device  
A high-performance facility

## OCEANIA SHOWERS

Professional installers laud Oceania showers for a reason. They are the product of the application of intelligent engineering from inception, ensuring their quality in terms of components exceeding standards, unrivaled precision of assembly, and structural integrity guaranteeing uncommon durability.

## ADVANCED DESIGN. TECHNICAL PERFECTION

### GLASS

Sliding doors and panels made of 3/8-inch-thick tempered glass. Exclusive Oceania Clear View™ water-repellent treatment.

### MECHANISMS

Oversized glides for effortless sliding motion. Shock-resistant reinforced stops. Bolted hinges.

### WATERTIGHTNESS

Silicone-free wall-mount assembly. Clear acrylic door seals featuring anti-yellowing protection (with the exception of round- and angled-base models).

### STRUCTURE

Extremely rigid structure. Reinforcement bars. 100% Lucite XL™ acrylic molded bases and (one- or two-piece) shells.

### INSTALLATION

Flawless quick installation every time. Precision components and mechanisms.

### HIGH QUALITY

With Lucite XL™ acrylic and composite reinforcements, along with superior mechanical and electrical components, the overall high quality of Oceania products makes it a market leader.

# EKO Collection

## EKO

State-of-the-art glass shower enclosure at an excellent price point. Beautifully styled with a minimum of metal components. Sophisticated design with an easy-glide sliding door that allows for either left- or right-hand installation.

- Tempered glass treated with Oceania's exclusive Clear View™ water-repellent technology
- Removable bottom slider on the door for easy access when cleaning
- Chrome finish
- In rail bearing
- Magnet on the door for a perfect seal
- Fast and easy installation

BASES SIZES		
Acrylic	48" x 32"	48" x 36"
	60" x 36"	60" x 32"
Stainless steel	48" x 36"	60" x 36"

## EKOR

Same design as the EKO but with two sides of glass for corner installation.

- Tempered glass treated with Oceania's exclusive Clear View™ water-repellent technology
- Removable bottom slider on the door for easy access when cleaning
- Chrome finish
- In rail bearing
- Magnet on the door for a perfect seal
- Fast and easy installation

BASES SIZES		
Acrylic	48" x 32"	48" x 36"
	60" x 36"	60" x 32"
Stainless steel	48" x 36"	60" x 36"

# Marelia Collection

## PBSD

State-of-the-art glass shower enclosure at an excellent price point. Beautifully styled with a minimum of metal components. Sophisticated design with an easy-glide sliding door that allows for either left- or right-hand installation. Super strong structure. Option of acrylic or stainless steel base.

- Tempered glass treated with Oceania's exclusive Clear View™ water-repellant technology
- European-engineered sliding mechanism
- Aluminum jamb with acrylic door seal
- Magnet holding the door for a perfect seal
- Removable bottom slider on the door for easy access when cleaning

BASE SIZES		
Acrylic	48" x 32"	48" x 36"
	48" x 42"	60" x 32"
	60" x 36"	60" x 42"
	60" x 48"	
Stainless steel	48" x 36"	60" x 36"

## PBSDR

Same sophisticated design as the Marelia PBSD, but for a 2-wall specification. Left- or right-hand installation. Creates the impression of a bigger bathroom.

## PBSDR2

Sophisticated design with easy-glide sliding door allows for either left- or right-hand installation.

- Tempered glass treated with Oceania's exclusive Clear View™ water-repellent technology
- European-engineered sliding mechanism
- Aluminum jamb with acrylic door seal
- Magnet holding the door for a perfect seal
- Removable bottom slider on the door for easy access when cleaning

sophistication

## Sleek Seat

This beautiful bench with clean lines allows a great comfort for the shower. Its floating appearance allows it to fit very well, even with the smallest of showers.

# Avalanche 36

One- or two-piece acrylic shower enclosure with quick-release sliding doors. Sleek contemporary design with low-profile threshold.

- Quick-release doors for cleaning ease
- Gravity drain slide rail retains no water
- Available in one- or two-piece models
- Clear or frosted glass

# Poseidon<sup>32</sup><sub>36</sub>

One- or two-piece acrylic shower enclosure with quick-release sliding doors and rounded base, that allows for a much roomier shower than standard enclosures. Complete with seat and handy toiletry shelves.

- Gravity drain slide rail retains no water
- Clear or frosted glass

# Rounded/Neo-Angled Shower Doors, Bases & Kits

PO32, PO36 & PD36  
 ROUNDED DOOR  
 PN38 NEO-ANGLED DOOR  
 BC38N NEO-ANGLED BASE  
 BC36C ROUNDED BASE  
 BP36 BASE POSEIDON

Oceania shower door and base combinations enable you to quickly create an elegant and completely watertight shower in a tiled corner, even when space is very limited.

- Sleek contemporary design with low-profile threshold
- Choice of rounded or "Neo-Angled" configurations
- Quick-release sliding doors
- Gravity drain slide rail retains no water
- Clear or frosted glass
- Extremely easy to maintain
- Guaranteed strength and durability

## SHOWER BASES

Made of 100% Lucite XL™ acrylic, Oceania shower bases are the product of the same technology used to manufacture our baths, resulting in the same quality surface, rigidity and durability features. Extensive choice of configurations.

### STAINLESS STEEL SHOWER BASES

Stainless steel shower bases are an Oceania exclusive.

Their trendsetting metal construction and sleek design make them the preferred choice for today's home spa environment.

Our non-porous, completely watertight stainless steel bases feature an extremely durable finish for low-maintenance ease. Plus, stainless steel's quick conduction of heat offers superb showering comfort.

- Stainless steel base, of a sober, modern, innovative design, heat conductive and easy to clean
- Stainless steel, type 304
- 16 GA. thickness
- Manufactured in Quebec
